

Basic features

Additional features	variable aperture
Use	for BVS SC-..
Version	C-Mount

Material

Housing material	Aluminum, black anodized
Material sensing surface	Glass, polished

Mechanical data

Angle of view, horizontal	39.4 °
Angle of view, vertical	30.1 °
Dimension	$\varnothing 29.5 \times 53.7$ mm
Filter thread size	M27x0.5
Mounting	Screws
Weight	68 g

Optical features

Focal length	12 mm
---------------------	-------

Range/Distance

Minimum object distance (MOD)	100 mm
--------------------------------------	--------
