

Basic features

Additional features	Hole aperture
Use	for industrial cameras BVS CA-.. 12 MP
Version	C-Mount

Material

Housing material	Aluminum, black anodized
Material sensing surface	Glass, polished

Mechanical data

Angle of view, horizontal	30 °
Angle of view, vertical	22.7 °
Dimension	Ø 32.7 x 41.4 mm
Filter thread size	M27x0.5
Mounting	Screws
Weight	76.5 g

Optical features

Focal length	16 mm
---------------------	-------

Range/Distance

Minimum object distance (MOD)	200 mm
--------------------------------------	--------

Remarks

Angle of view refers to a sensor size of 2/3"
